

Matting Release

Because we care about your pet's safety and well being, we want to make your pet's visit as pleasant as possible. Because your pet is severely tangled or matted it is at a greater risk for injury, stress, or traumas. Please rest assured all precautionary measures will be taken to ensure your pet's safety, however problems may occur during or after the grooming process including but not limited to: nicks, clipper irritation, bruising, hematomas, and brush burn.

I hereby grant permission to Hound Therapy to obtain any needed veterinary treatment at my own expense for my pet(s). Also, realizing that matted pets are at a greater risk for injury during grooming, I WILL NOT hold Hound Therapy or staff responsible for accidents or injuries to my pet.
